ECHO

ECHO

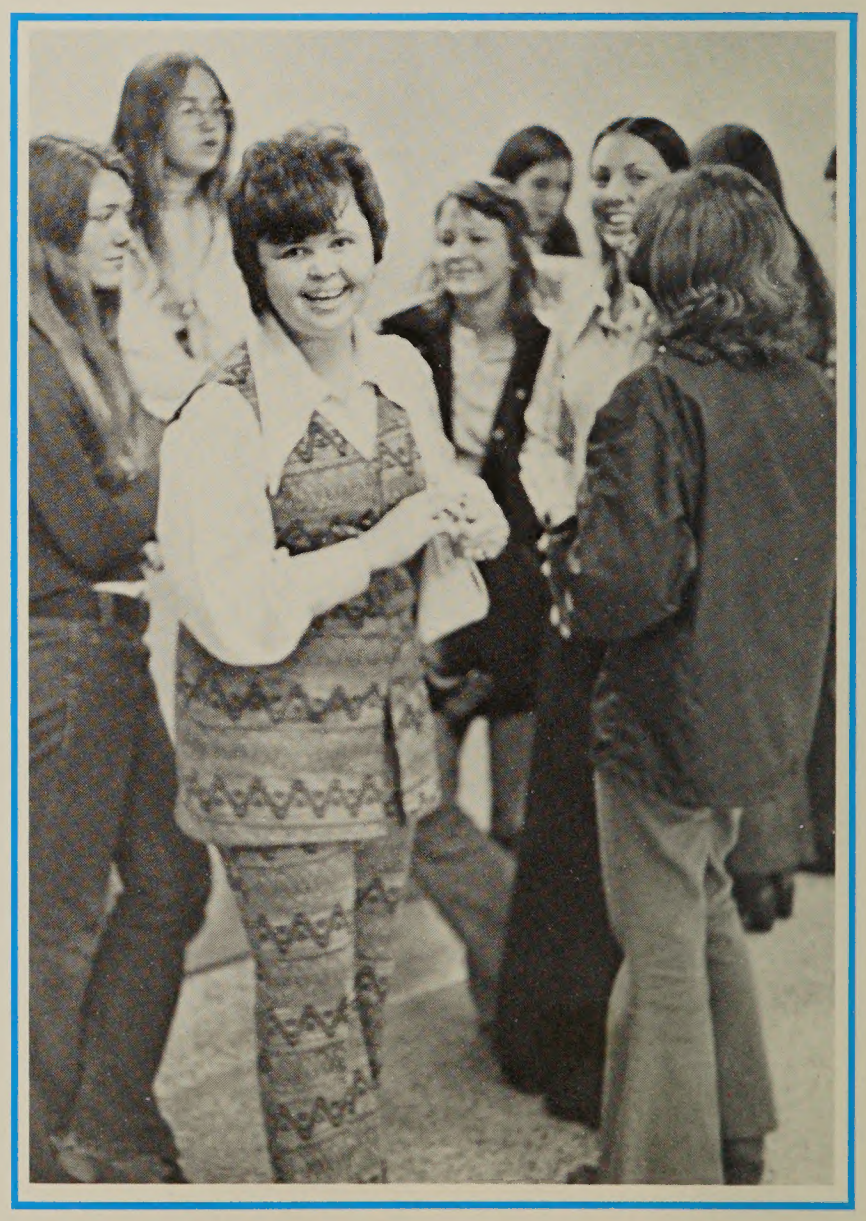
A teacher affects
eternity;
he can never tell
where his influence stops.
Anonymous



Whether it be directing a play, interpreting Shakespeare, or simply listening, **Mrs. Revels** is always there when she's needed most. Always honest, and yet always encouraging, **Mrs. Revels** has become the friend of many a student. As a teacher of English and Drama, as well as the director of the senior play she has won our admiration along with our respect. In thanks and appreciation for everything she has done, we, the class of 1973 dedicate **The Echo** to **Mrs. Ruth Revels.**

WHAT IS AN ECHO?

Echo — memories beginning with the faint sound of a returning voice. A ringing vibration stirring the shadowed thoughts, sent through your mind by the remembrance of times, places, friends . . . life. All you need is one wall of thought to create the reflector from which the vibrations rebound to create an echo.

The voices of friends, the long-awaited reflector . . . graduation; all of these are held in our minds, waiting for the one thought that will, once again, begin the ever-present echo of our high school years.

VOICES

VOICES

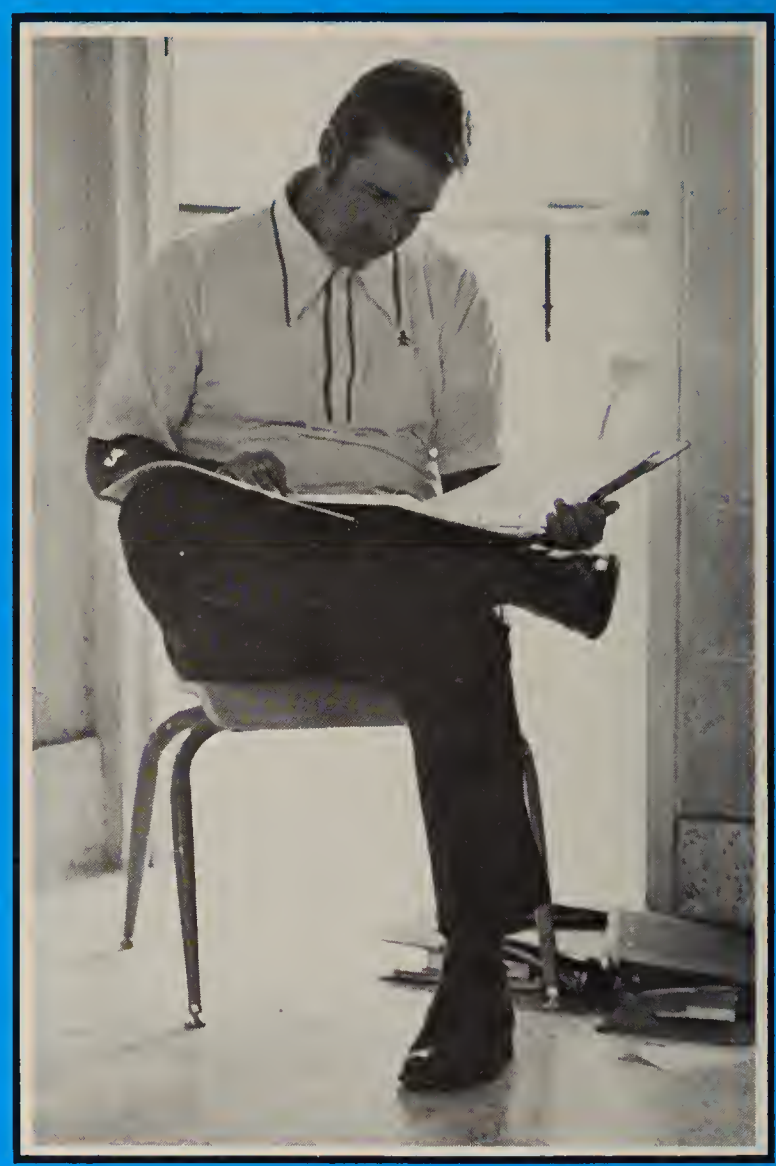
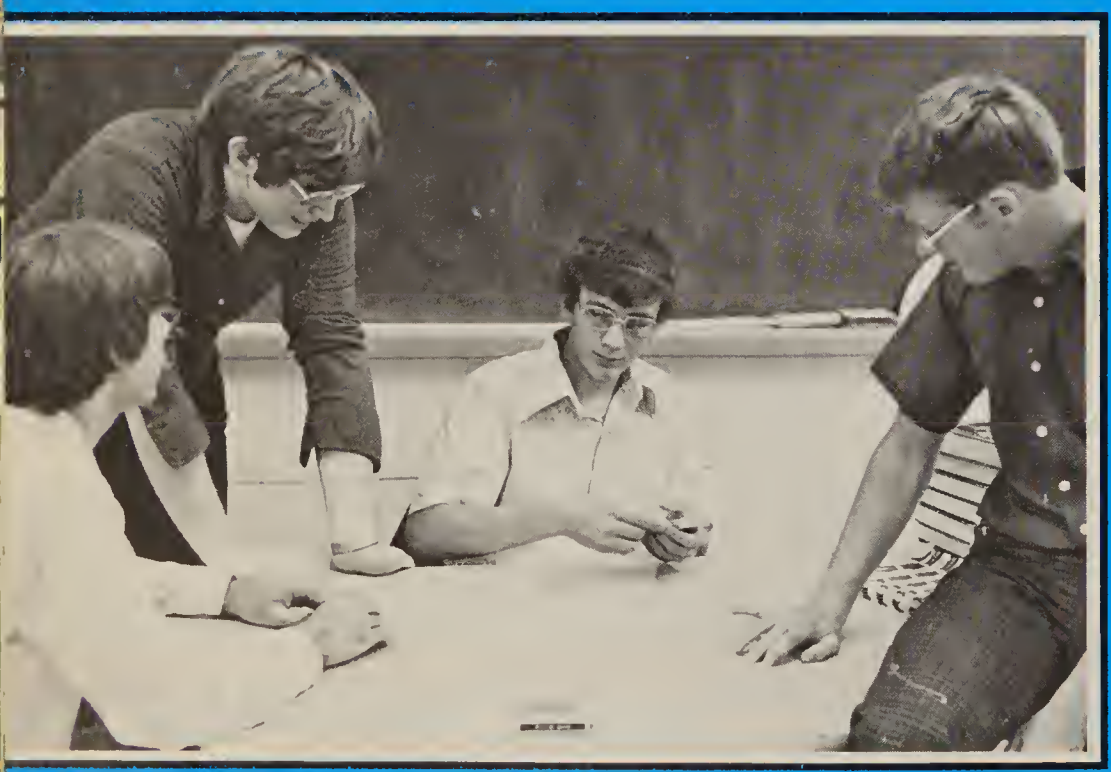
The most I can do for my friend is simply to be his friend.

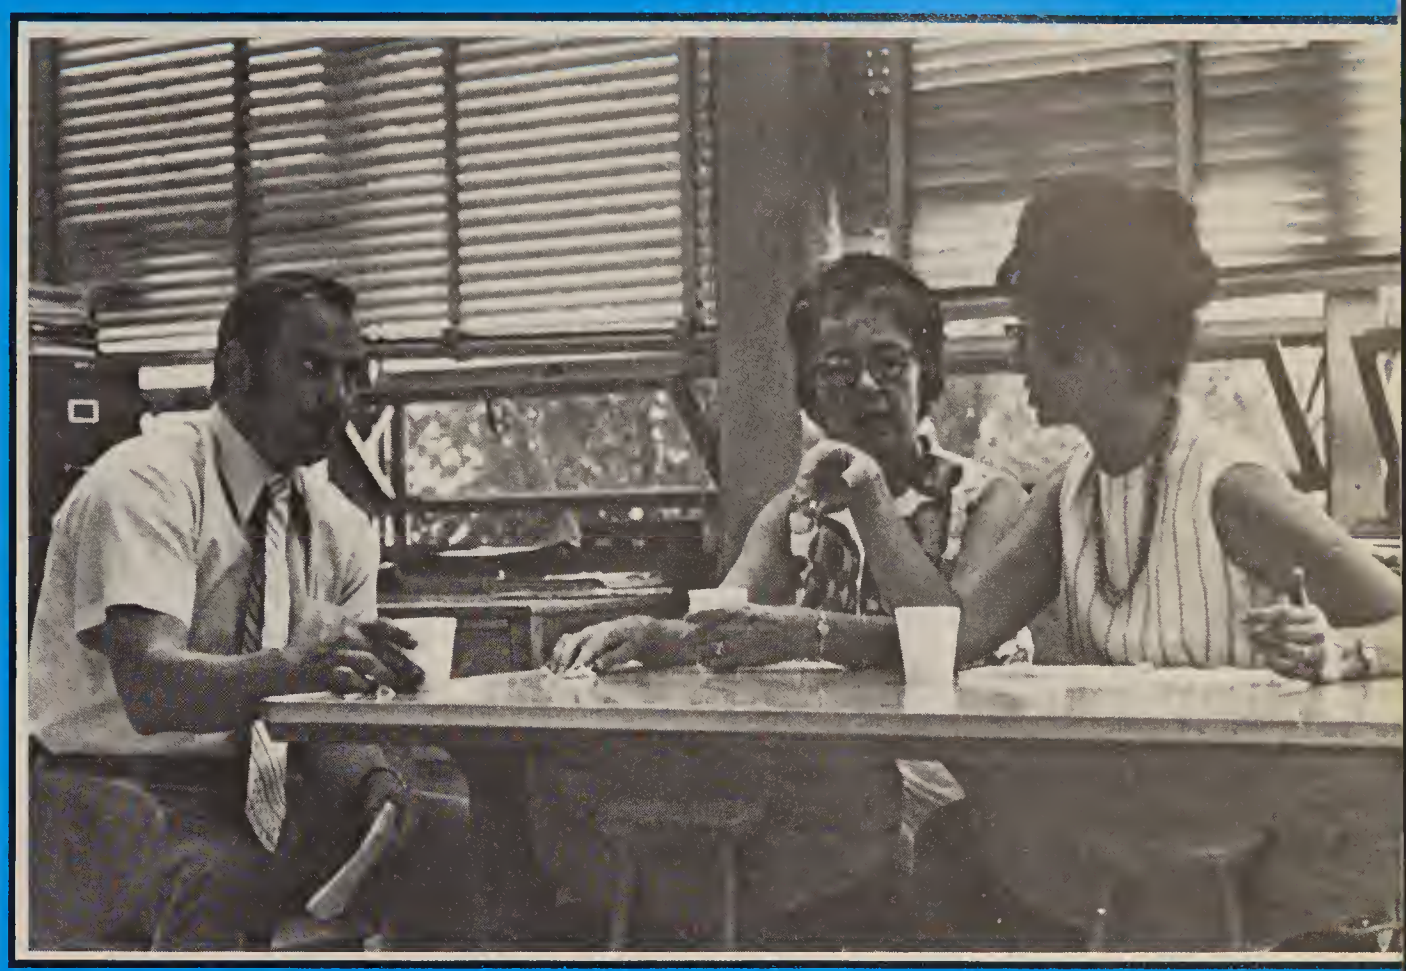
—Henry David Thoreau



Every sound shall end in silence,
But the silence never dies.

—Samuel Miller Hageman

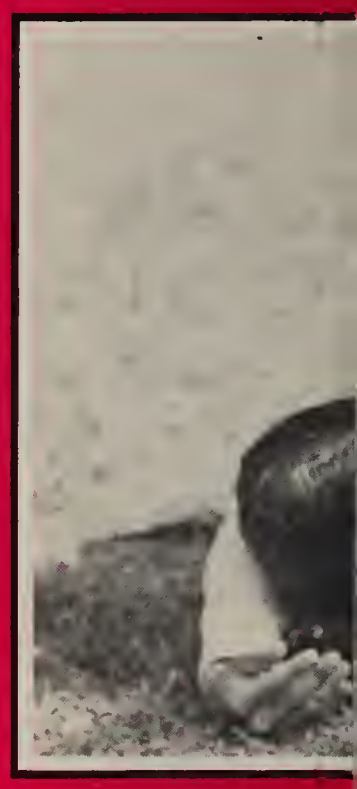


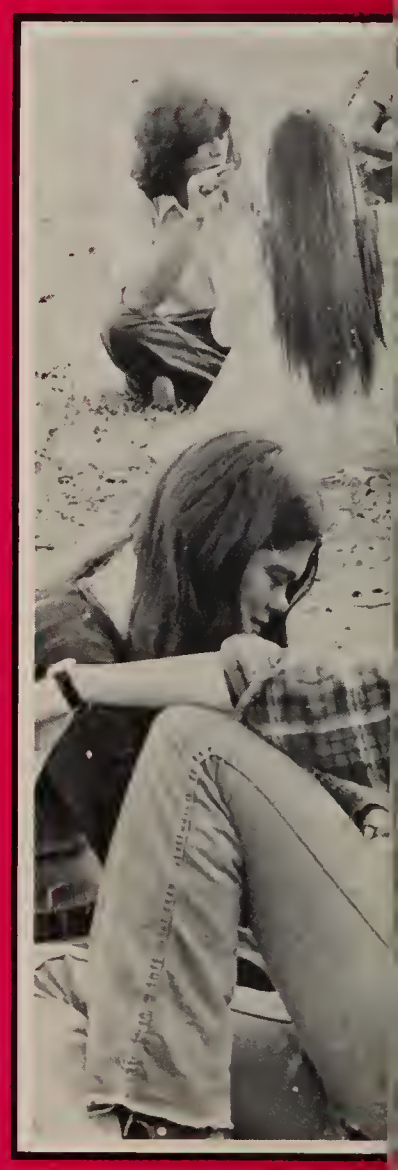


WIBRATIONS

Time is not measured
by the passing of the years,
but by what one does,
and what one achieves.

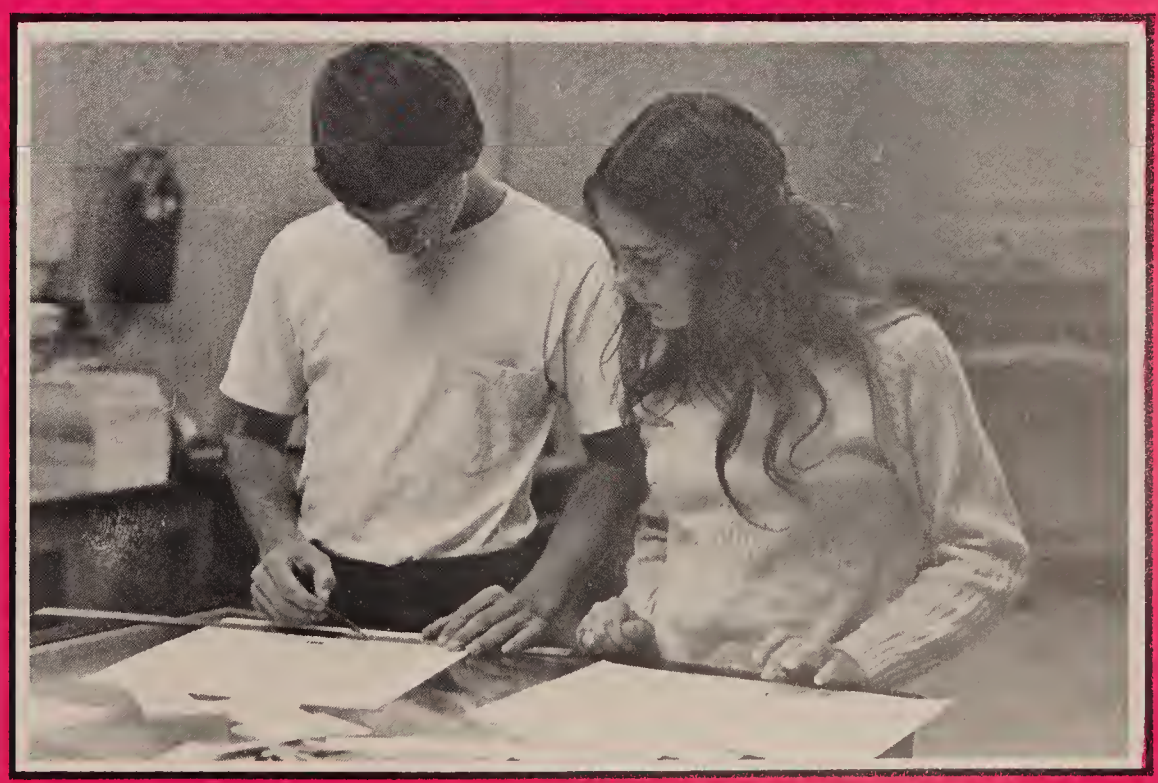
—Jawaharlal Nehru





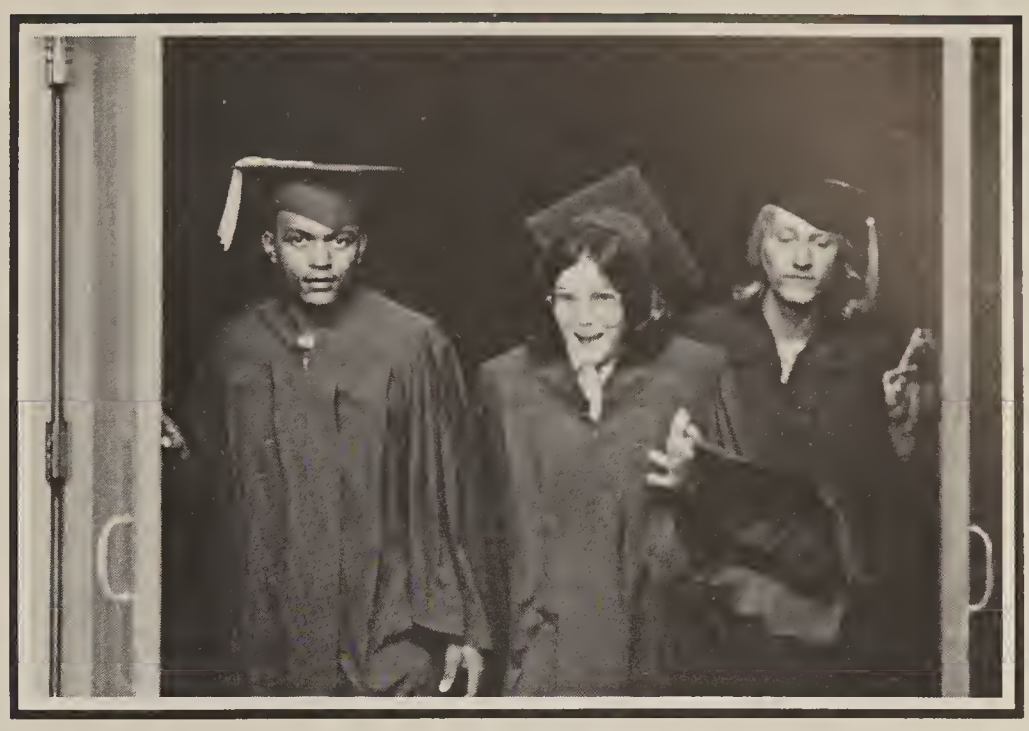
If a man does not keep pace
with his companions,
perhaps it is because
he hears a different drummer.
Let him step to the music he hears,
however measured or far away.

—Henry David Thoreau



Graduation — the reflector of all the memories throughout our high school days. People we've shared our cherished times with taking their own roads . . . some never leading back to us. Now it all echoes back through the empty halls of our minds, filling us with joy and sadness of times never to be recaptured, yet never really lost . . . for when the light gets dim, it will shine by the breath of the echo.

REFLECTOR



I shall not pass this way again. Any good thing that I can do, or any kindness that I can show, let me do it now! Let me not defer it or neglect it. For I shall not pass this way again.

—Stephen Grellet

VIBRATIONS,

God grant me the serenity to accept the things I cannot change;
The courage to change the things I can,
And wisdom to know the difference.

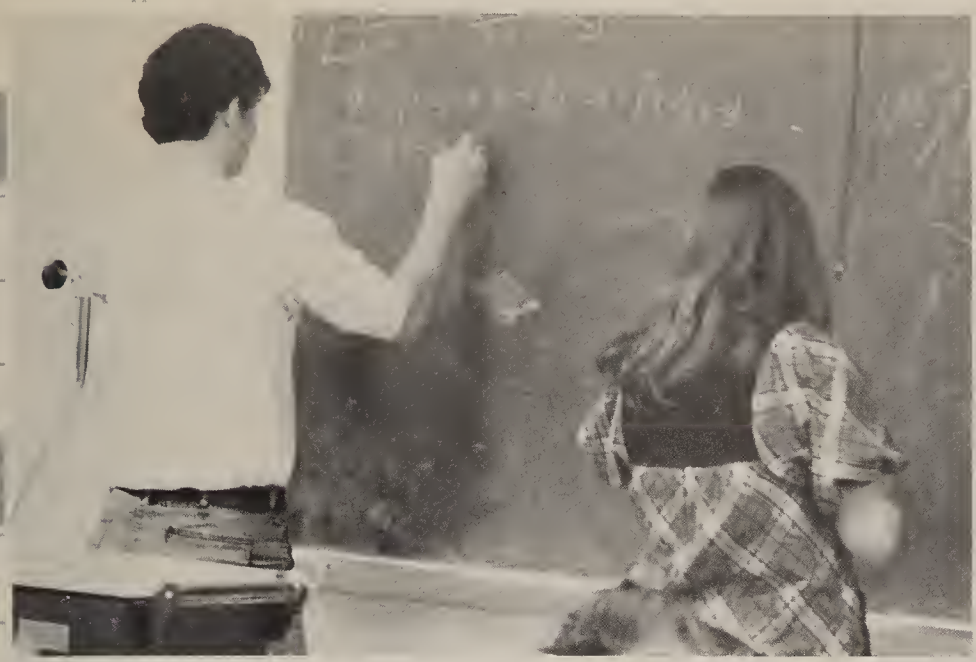
ACADEMICS

ACADEMICS ... the most important part... the classes ... the work ... the knowledge... the satisfaction ... the grades.

Each day - classes... good or bad ... interesting or boring ... but always there. Required courses like English or biology, history or math ... or electives like art or electronics, foreign language or I.C.T.... drama or graphics ... even Co-op and D.E.... Learn to Earn.

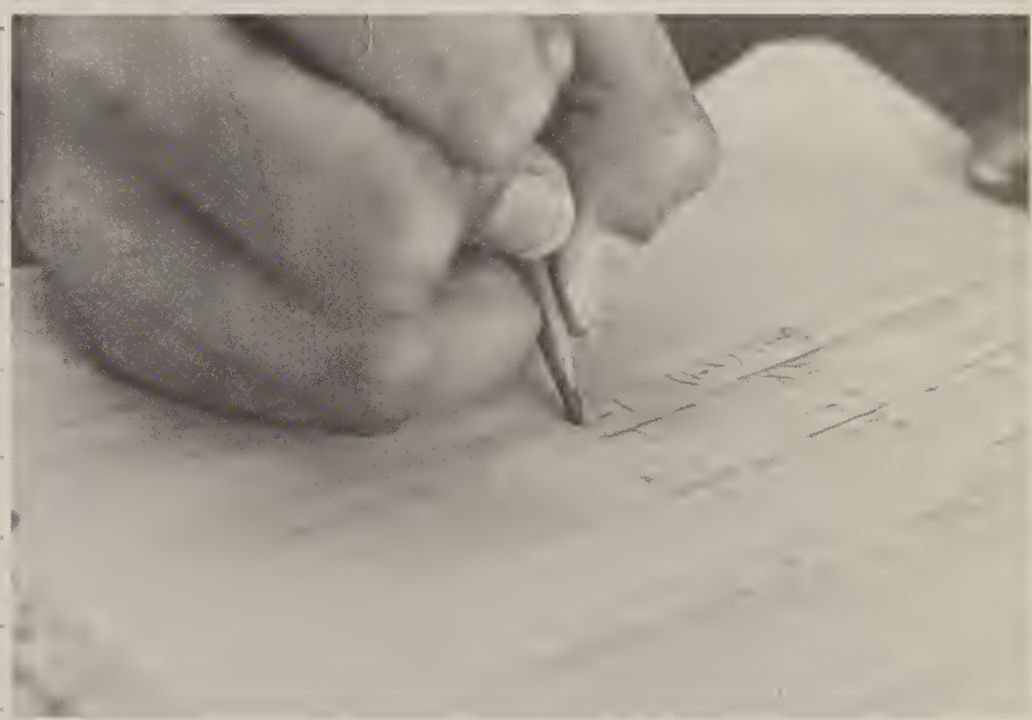
All of these add up to make the major part of our school day ... the time between, we chatter in the halls ... we watch the clock till lunch and then again till 3:15 when we leave on the run... only to start again at 8:00 the next morning... day after day... week after week.

Writing, discussing, laughing, testing, reading sleeping, and despite it all... learning.



Math...
Consumer,
Algebra or
Trig...
it's a necessity!

dust think about
all the paper
we've used, and
the pencils
we've worn
to nubs!...



but...
Home Ec... (Economics to be exact)...
is more than that... it's food-real food - and
cooking and
sewing and
consumer
education and
so much
more!!!

The language lab is designed to make our pronunciation better... it speaks all languages but is especially good at French and Spanish... nice since that's what we're taught here!

Escribe'

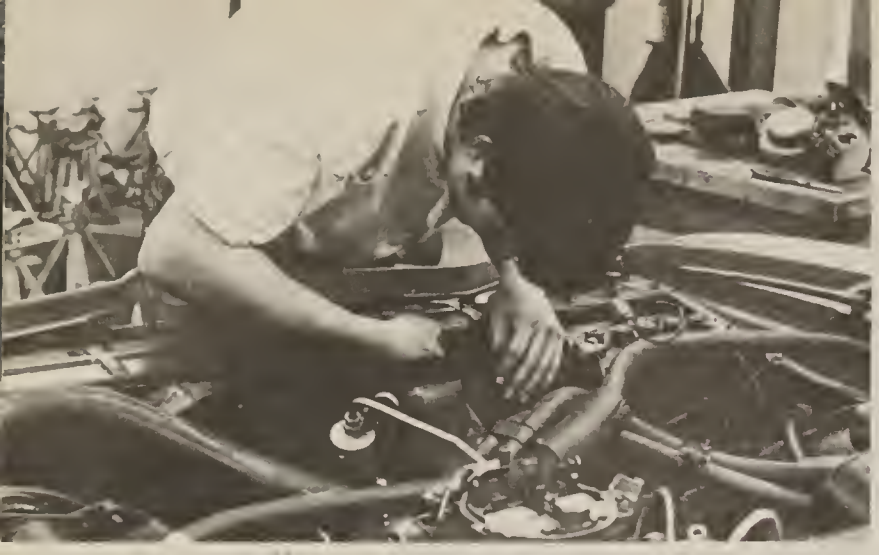
(Write On!!?)

Child development classes may be very helpful to young mothers in the future... besides being interesting now...

you get to ride tricycles, too!

Studying the world's cultures actually means studying the world's people... and thinking of them as other humans... it also means a chance to try their food!

But... cross the hall... they're cutting up cats and pigs and such in an attempt to learn biology! Cats and unborn pigs should be wary of this class...! or they may be dissected and drawn by these determined scientists.

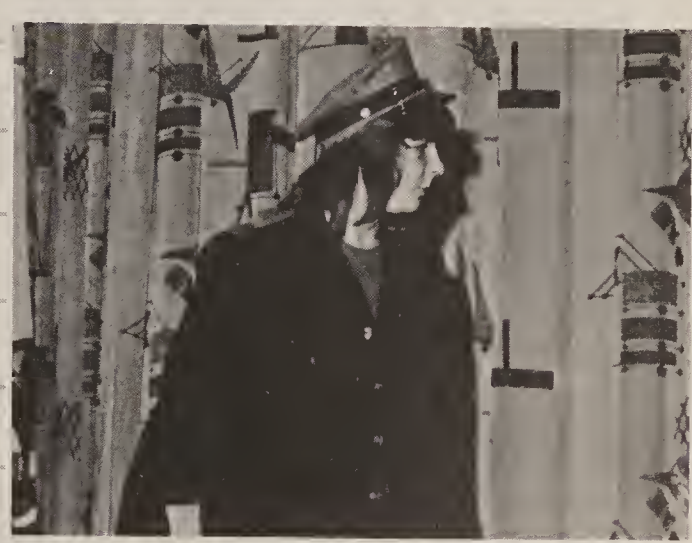


Auto mechanics... for those of us who love to work on cars and find that automobile engines have a special attraction...

And for others there's art... painting, sculpture, drawing or just about any thing you can imagine!

Some are aspiring artists... others just interested... and some are looking in the wrong place for a "crip" course ... but everyone creative in their own way...

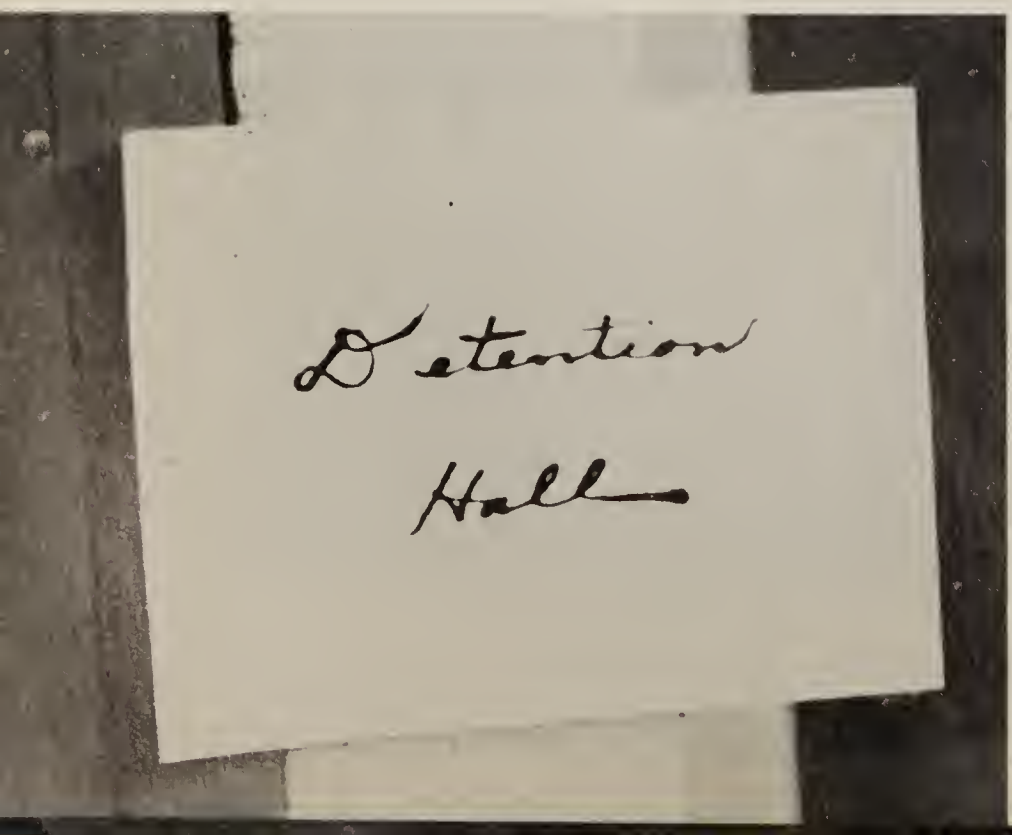
The Drama Class, too, abounds in talent and most of all enthusiasm ... coupled with a willingness to act... foolish... but sometimes serious!



Be it industrial drafting or architectural drafting... it's a course for the future ... and it's fun!

Sometimes though, the classes become tiring or the night before was too short... or too exciting ... the glasses come off, the head goes down, and another lecture is missed...

Or sometimes the time between classes seems too short ... or 8:00 comes too soon... and a teacher schedules the 3:15 class... Detention Hall... "you're 10 seconds late... that's an hour after school."



About every nine weeks a phenomenon occurs ... the whisper goes through the halls ... "they're here" ... and teachers sit in class removing carbons ... then the announcement ... "All students report to homeroom at 3:05" and we do ... to some they mean everything ... to others ... nothing ... student progress reports ... REPORT CARDS !!!

Co-Valedictorians 1973

Virginia Dee Stout, daughter of Mr. and Mrs. Ralph D. Stout, has excelled in both scholarship and leadership. Her accomplishments in French enabled her to attend the Governor's School during the summer of 1972. As secretary of the Student Congress, Gini contributed to its effectiveness and efficiency. During her senior year, she also served as president of the National Honor Society. Gini's individuality and achievements definitely indicate the promise of a successful future.

Debra maintained her high scholastic average at Ragsdale and qualified for membership in the National Honor Society and the French Club. The Class of 1973 has been impressed by her performance in academic endeavors, but it has been won by her sincerity, maturity, and friendliness.

Special Words About Special People.

A bright and cheerful smile is one of the lasting impressions of our exchange student Fernanda Maria Mendes Navarro, known to her friends as "Nanda". She brought with her warm and friendly greetings from her home in São Paulo, Brazil, and a collection of precious and semi-precious stones. Nanda's overwhelming enthusiasm has endeared her to her new friends at Ragsdale.

Three students from other countries have made the United States their home. They are Delores and Jane Purger from Italy and Hilena Leong from Hong Kong.

Jane and Janet McBride are two special people, who with the help of Mrs. Renfro, have adjusted to school life with sighted students and increased our understanding of the blind.

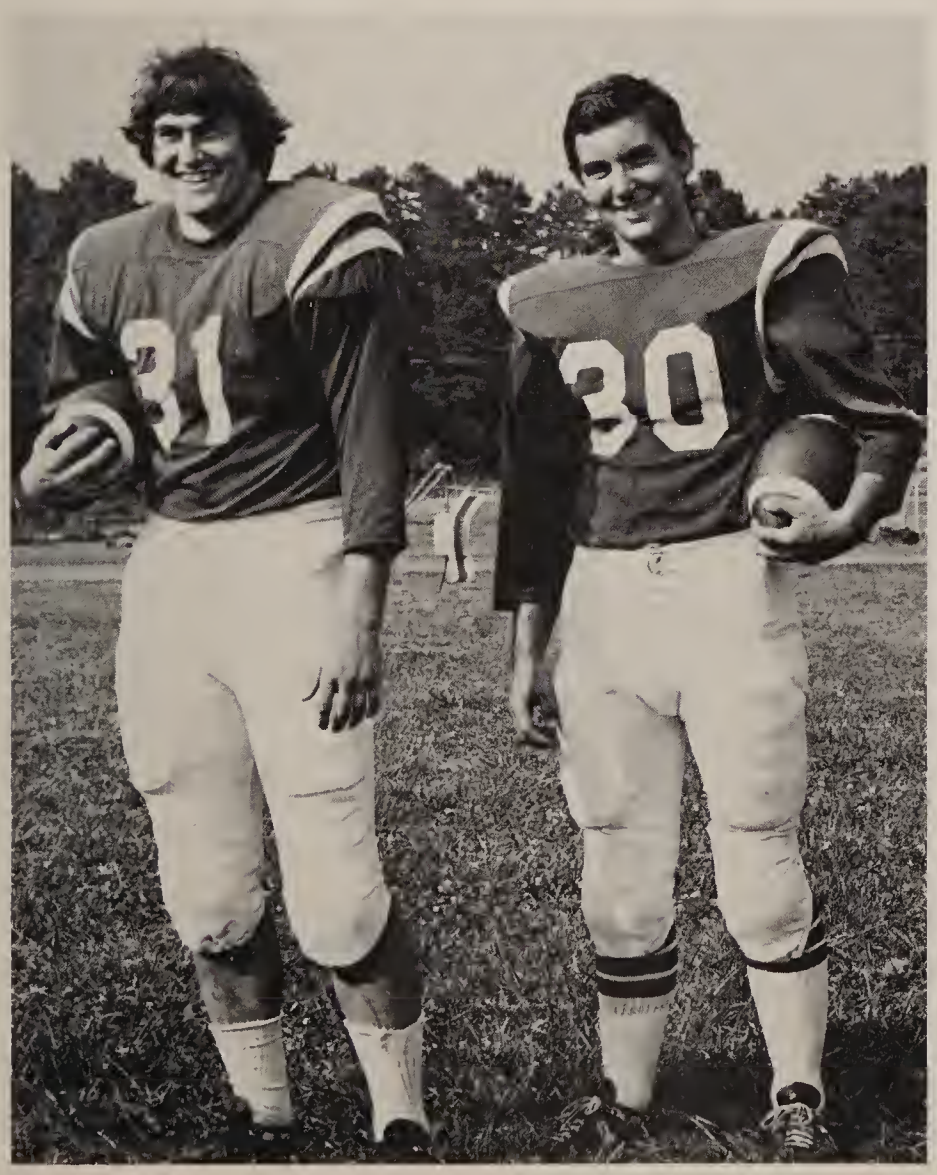
FOOTBALL 1972

The Longest Season . . .

Such was the story of the Flying Tigers Football team of 1972-73. Their success was marred only once by Southeast. A great deal of their success was due to one of the most potent and explosive backfields in the Mid-State 3-A conference. This was led by Prince Deese (right) who scored 30 touchdowns, devastating a school record. Along with him at the halfback position was Jimmy Bolding (bottom right) who complemented Deese's running. The third weapon in the Tiger backfield was Charles Halipilias (bottom left). Charles, who sat out most of the season with a back injury, was well replaced by Ed Johnson. Charles roared back in post-season play, making up for lost time. The team as a whole showed its colors by taking the Mid-State 3-A title and advancing to the Semi-finals of the State playoffs. They played valiantly against the Mountaineers, but bowed, as they were outsized by their opponents.

From left to right, above: Prince Deese, John Rogers, Jimmy Bolding, Darrell Dowdy; below: Charles Halipilias and Ed Johnson, the powerful fullbacks.



Above: Guards, kneeling: Doug Smith, Matt Gloster, Mike Halipilias; standing: Keith McKelvey, Don Childress, Chip Morgan, Jeff Jones. Below: Ends, kneeling: Scott Clendenin, Dan Fawcett, Tony Tice, Eric Wood; standing: Alan Johnson, David Terry, Ricky Adams, Paul Newby, Dave MacDonald, Phil McCrory.

If you were to ask a Chapel Hill

player what he saw on his visit to Ragsdale,

he'd say he saw . . . this . . .

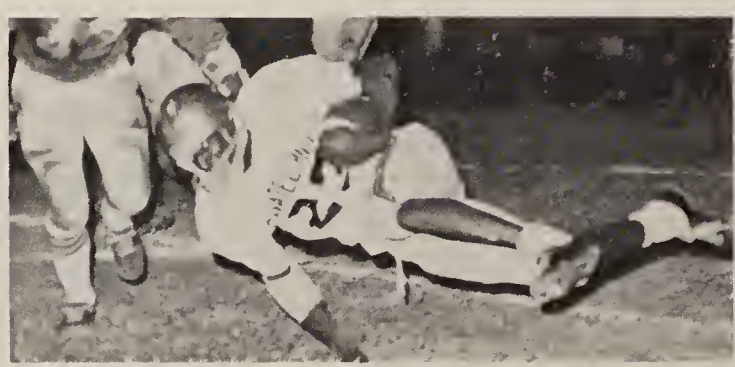
. . . . . and this

and this . . . . . .

. . and this .

. . . . . and him . . .

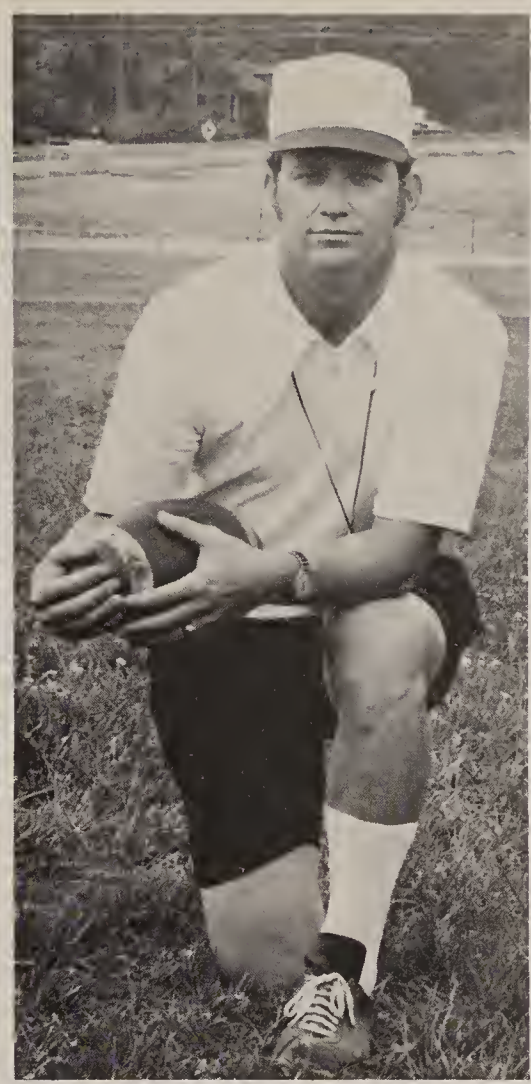
. . and them . . . . and him . .



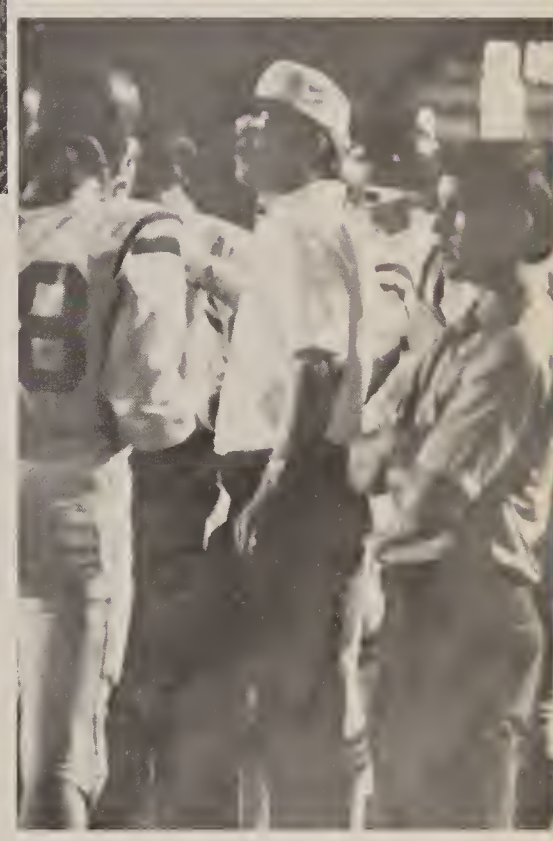
. . . . . and a lot of this . . . .

. . . and . . . OOPS!

. . . and the scoreboard told the story!



If ever one person has come to a school with a sagging football program and overnight turned it into a conference dynasty, Coach Richard Kemp has done it. From Elizabeth City, North Carolina, he brought a Wish-bone offense that only two teams were able to break. Under his leadership and with the experience of his assistants, he placed six players on the all-conference team. The Coaching staff consists of Mike Raybon, Ron Wyrick, Larry Dunn, and Richard Kemp, (above).



An extremely successful season as told by the scoreboard (left). But, as it is said, "All good things must come to an end" (below).

Just what is the purpose of the Student Congress? People do not have any answer for that question.

First, it should be clarified that we do not have a student **government.** We do not have the authority in many cases to make school policy decisions. What we really try to be is the connecting link between students and faculty and administration. We try to express the student body's ideas and to get them into action when and if possible.

Two main objectives of the Student Congress this year have been: (1) To encourage students to take an active part in the school and the many activities it offers, and (2) Probably the most important, to create a sense of humanity within the school among students, faculty and administration. We stress this last objective most because we feel getting along with people is something all of us will have to do for the rest of our lives.

We feel we have been successful in some measure in creating this sense of humanity, but this growth should by no means stop when school is dismissed for the summer. The students returning to Ragsdale next year should take advantage of this opportunity and build on to it. It could be the most important thing we ever learn. As for the seniors who are leaving Ragsdale, in many cases in places new to us, we hope you'll be able to use this sense of helping others to make friends — for us to be better and happier young adults.

The ECHO cries this out each time a person looks through his annual. From the beginning to the end of school, the annual staff rushes to meet deadlines and sighs when the last page is sent in.

It's no easy job getting an entire annual together, and we only hope everyone treasures this annual as the echo of memories of 1973.

Mr. T. G. Madison, Jr. — Principal

The Principal stood at the Pearly Gate,
His face was worn and old.
He merely asked the man of Fate
Admission to the Fold.
"What have you done," St. Peter asked,
to gain admission here?"
"I labored as a principal on earth
for many a year."
The Gate swung sharply open
As Peter sounded the bell,
"Come in," he said, " and take a harp,
You've had enough of hell."

Mr. Bo Sanford is ably assisted by his wife and children.

SENIORS . . .

After many long and hard hours of work, Sean takes a much deserved break.

This is it . . . **the** year. **Your** year. After two long years of struggling and sweating it out, you've finally reached the top. You're a Senior now and deserving of all those rights that go along with the position . . . all those rights you somehow never get. But who cares . . . you're a SENIOR. Everything seems to move in fast motion, passing you by as you try to savor a familiar moment one final time: your last ball game, your last prom, your last exam . . . your last walk down "Senior Hall". But maybe in all the rush you'll take the time to look around; look at the people . . . your friends. Friends who have been with you since elementary school have changed now. Each one has his own interest, his own idea of life, his own future. You realize you have all become individuals, still dependent, yet forced into independence. You know you must say good-bye to some good friends, but you know, too, that life is just beginning and the world is yours. Good luck, Seniors; your time is now. Live!

The Senior Class Officers are **(l-r);** Jody Tester — Vice-Pres.; Charles Halipilias — Pres.; Sherrie Rich — Secretary; Leigh Puryear — Treasurer.

Who's that kid coming down the hall with 37 books in one arm and a carpetbag on the other? Well, everyone here at R.H.S. knows that would have to be Gini Stout. Upon her return to Ragsdale in her Junior year, Gini immediately became involved in school affairs including Student Council which she has served faithfully as Secretary. Her kooky personality and great abundance of brains will not soon be forgotten by her classmates, for Gini is, in so many ways, an outstanding Senior.

A friend. If one word could sum up a guy like Jody Tester, that would be it. Jody's understanding nature and his ability to make one feel at ease are a couple of things which make his friendship a treasured possession. He is honest in his opinions and dependable as a leader, but he always listens to others' ideas before he acts. These qualities will undoubtedly carry Jody far in life and keep him long in our memory.

What can anyone say about **DEBBIE MUNN**? She will definitely be remembered. Who can forget this cheerleader who helped carry her team, win or lose, through three years of games? And R.H.S. was awfully proud to have another Miss Congeniality and a finalist in this year's High Point Junior Miss. Debbie just seems to be all places at all times, and hopefully her energy and love for living will remain with her always and keep her as outstanding as she has been through her high school years.

JUNIORS . . .

The middle child is always oppressed. Not young enough to act like a sophomore, yet not quite old enough to have Senior rights. The junior year brings you back to school knowing that now you're really a part of it. It is a year of learning the responsibilities that will soon be completely yours. It is one last year of working yourself silly so that next year you can take all those Senior "Crip Courses" you hear so much about. The junior holds a secure position being in the middle but this doesn't mean he can sit back and watch. There is much to be done, as the Juniors realize when they find themselves with much of the responsibility for homecoming preparations and for fund raising projects for the Junior-Senior Prom. But this is a good year, even if it is hectic . . . after all, a year full of activities is a year full of memories and the memories of this middle year will linger long after it has passed. But just wait till next year.

Junior Class Officers: Jeff Sechrest — President; Julia Biggerstaff — Vice-President; Debbie Grant — Secretary; Holli Hutchins — Treasurer.

Leigh Davis helps teach a class.

Juniors use the time during lunch to catch up on gossip.

And what would you like to buy?

Is it the real thing Pat?

Mrs. Stafford, can I please sit down now?

Let me tell you what happened Friday night . . .

Junior putting up Christmas decoration on door.

Take a refreshing break at Ragsdale's scenic smokehole.

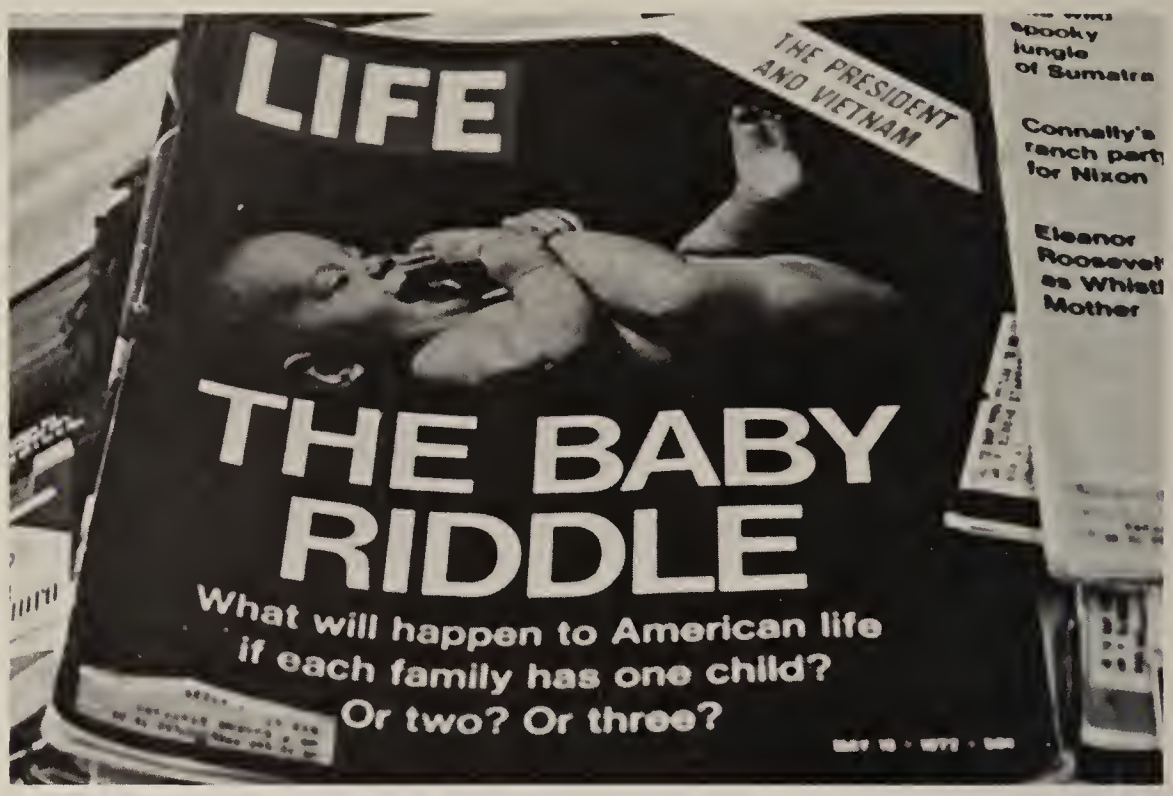
JUNIORS . . .

. . . made new friends . . .



. . . we've come a long way . . .

. . . and FINALLY got our class rings.

. . . shared moments of happiness . . .

SOPHOMORES . . .

And they call it "puppy love" . . .

Sometime between the last year in Junior High School and the first year in High School, a sophomore is born. You don't see much of this strange young creature for at least a week; just two gigantic eyes searching for room numbers and a gigantic smile searching for acceptance. Somehow though, you have a feeling he'll make it . . . you did, didn't you?

Soon that awesome feeling of being at Ragsdale High School wears down to the comfortable feeling of being just a part of another life . . . and it isn't so awesome after all. People quit giving you those long, questioning stares and the snickers which used to follow you down the halls are no longer heard. You're in . . . whether you like it or not. Anyway maybe someday, when you've earned the honorable privilege of being a senior, you will carry in your heart a soft spot of memory and you will be kind to that strange young creature known as the sophomore.

Dear John,
I bet that photographer thinks I'm studying . . .

Weep not youthful sophomores . . .
Your time will come.

Sophomore Class Officers:

Allan Johnson — Vice-President

Established in 1897

Sechrest Funeral Home is unexcelled in the South for modern design and facilities. Located in the park-like setting of 4½ acres. Paved and lighted parking for 200 cars. Spacious Chapel seats over 200.

Sechrest Service has been described as "excellence based on experience." And it is true that since 1897 our constant ideal has been that through reverence, tenderness and beauty in final rites, every funeral shall clearly express a family's deepest love for a departed one. Whether arrangements are for a modest or elaborate ceremony, Sechrest creates an impressive and long-remembered tribute, complete in every detail and within every family's means.

Dennis,
Its been nice being in your history class this year. I will probably see more of you this summer, so just remember that I have an eye on you, so you better behave or else.

Friends always,
Susan Perry

P.S. Stay out of trouble. And don't hang around Jay to much, because he will get you in trouble.

Dennis, well now football is going to come sooner than we think. That means sore!! But we will survive maybe. We have had a terrible time in Mr. Kemps gym class but now that we are superstars we don't have to worry.

how true

Your great friend

(CLINK)

Dennis, Sorry, I just couldn't stand it anymore. Every practice I have to be nearly killed trying to keep up the pace of 3 years ago. Maybe for you one, but not for me. Speed doesn't have anything to do with it. Maybe I'm a little slow of late but I'm trying to keep up the pace of 74"

P.S. Have Illinois Bloomington, Illinois

Dennis,

It has really been great getting to know you better this year. I think you are a good high jumper. Keep on jumping and you will be the best!! Have fun this summer and see ya next year!

Dennis,
I've enjoyed being in your English class. Hope you have a great summer. May your future be a challenge filled with surprises -

Dennis, We were fools for taking this course. Biology. Advanced Level. Prize suckers. Pigs. Fist. Can you dig it? The only constructive thing we did was to found a new game, hackeysaclen. It was great! Thanks for your valuable friendship throughout the year.

Dennis,

I've enjoyed being in your English class and seeing you at track practice. Even though we didn't get much practice done while "clink" was out there!! I value your friendship very highly and I wish you lots of luck in the future!

Thanks go to everyone who contributed to the publication of the 1973 Echo — the people at Delmar, especially Mrs. Lorene Fairfax and Mr. Tom Smith, for their help and advice, The Echo Staff, and especially Mrs. Vicki Norman — Advisor, for the many hours of hard work they put in, and the entire student body for their support and enthusiasm.
